About Me

I am a skilled Mobile Developer with around 1 year of experience with Android Mobile App development and 2 years of experience with Flutter Hybrid Development. If you are looking for a highly skilled and riched mobile expert with deep knowledge, a professional attitude, excellent communication skills and the highest code quality, then I'm the person looking. Place customer satisfaction above all, and will bend over backwards to ensure customer satisfaction.

Professional Experience

Flutter Developer
Wallpaper Carousel

Key responsibilities:

- This will help you get dynamic photos on your lock screen every time you turn ON your screen. You can browse to know more about the story in a single tap, and the best part is you don't need to unlock.
- Utilized and designed custom Pexels APIs.
- Designed and created custom e-form features including scrolling selectors and data entries.

Habit Tracker

Key responsibilities:

- Building upon the concepts used in the Todo App, this app tracks your habits and monitors the completion of your tasks. It also provides you with overall stats regarding your consistency.
- Utilized and customized the use of CustomPainters, Path, BezierCurve and other widgets.
- Included the use of Rich Text.

Chat App

- Designed and built a login page with Firebase Authentication.
- Designed and created a profile page that updates Firebase Firestore information.
- Created a homepage with user contacts.
